2. BACKGROUND

The Every Child A Swimmer (ECAS) Project is a special program of Kiwanis International, Key Club International, and Circle K International for elementary schools. ECAS offers the first and only permanent solution to the senseless, escalating drowning problem that has plagued the world from time immemorial. Its objective is to make every child a swimmer, educated and trained in water safety. The project adds the volunteerism of the pre-trained service club members to the expertise of the school's regular physical education instructor (swim coach), as directed by the school's officials. Thus the effectiveness of the instructor is multiplied 20 or more times without added cost and makes the program affordable everywhere.
