Summarize any other activities (service projects, icebreakers, etc.:

What worked or went well?: We had our registration table set up right at the front of the school which worked well because there was no confusion about where to sign in. Also, the workshop rooms were all in the same hallway which made it easy for members to find which room they were supposed to be in. This was also helpful for candidates during caucusing.

What would you do differently?: The classrooms were an appropriate size for the workshops however they were a bit small for the DCM's since we had about 50 members in each room. I would try to find larger rooms for the DCM portion of the rally.
