What worked or went well?:

Division 25A – Edwin Perez: Large attendance, great workshops, shade outside

Division 25B – Stephanie Nolasco: No charge for attendance = bigger outcome in attendance

Division 25C – Beth Leon: DCON Presentation created a lot of excitement and having someone managing the computer made the presentations flow easily

Division 26A – Felipe Montes De Oca: DCM attendance was very large. Lots of Kiwanians came to help out before, during, and after the event.

Division 26B – Antoinette Avila: Script helped a lot with time management and with finishing opening and closing session on time.

Division 26C – Cassie Manz: Having a tech guy helped fix technical issues quickly.

What would you do different?:

Division 25A – Edwin Perez: A better head count to plan more efficiently and not having to change rooms last minute due to last minute set up.

Division 25B – Stephanie Nolasco: Getting enough food for members and LTGs. Getting wristbands to ensure registration was done. Get scripts out in advance so we can look over them beforehand.

Division 25C – Beth Leon: Having to move rooms was very inconvenient and all the power points should be on one computer.

Division 26A – Felipe Montes De Oca: Having more time for workshops. Get more Key Clubbers from the home club to help out.

Division 26B – Antoinette Avila: Make sure that people who arrive late are register. Fix problems with PC and MAC compatibility beforehand. If people start talking too loud, stop talking until they stop.

Division 26C – Cassie Manz: Have a master of ceremonies. Make parking a lot easier by using neon signs and having people outside helping to direct traffic.

David McCampbell: Offer preregistration or start onsite registration earlier to ensure no delay in starting the opening session on time.
